Wedding March

- You should be able to play this song in less than a week, if you can't, please play songs from [level 1](#)
- The best way to learn this song, or any other song, is to watch the video at least 10 times. Concentrate on the movement of the keys on the piano first and then look at the actual notes on the staff, feel the music and try to sing along with it.
- Once you are familiar with the song, and how it sounds, then print the music score PDF below.
- Now, with the actual music sheet on your hands, play the video a few more times and put your eyes on the paper, and read along with the music, listen to the song while looking at the music sheet.
- Do that a few more times and with your index finger, pointing at the notes as the same time as you are listening to the music.
- Now, count the measures in the song, in this song **Wedding March**, you have 39 measures. It looks longer than other songs in level 2 Right? but if you listen to the song, measures 1-8 are the same as 9-16 except for the ending that is a little bit different each time. Then you have 17-20 and 21-23 same melody twice. After that you just repeat the beginning of the song.
- You have to analyze each song before you start to play it, see if it has repeats or if you find the same patterns or melodies, if you do that learning a song will be much easier.
