- SECOND: PLAY THE RIGHT HAND (MELODY). Then play the melody with the right hand. Because you are playing songs from this level, you should read the notes a little bit faster, with the right hand by it self. So playing the melody should be easy.

- THIRD: Start playing two hands at the same time. Remember you have to read from bottom to top. Each day you have to learn so many measures, or a part of the song. DON'T LOOK AT THE WHOLE SONG, IT WILL BE TOO MUCH.

- Play only 2 or 3 measures or any part of the song for that day, think of it, as the complete song. Play it over and over and practice until you can play those few measures. If you get tire of practicing, take a break, and then come back to keep doing it.

- Once you can play those measures without mistakes at least 5 to 10 times. Then relax, and the next day do the same, with the next few measures. If you practice like that steady and constantly everyday, you will learn to play the song, and you will be able to play the piano much better

- Keep playing some of the songs you already know from level 1, 2 or 3, so you don't forget those songs.
