Crazy Train

- You should be able to play this song in less than a week, if you can't, please play songs from [level 1](#)

- The best way to learn this song, or any other song, is to watch the video at least 10 times. Concentrate on the actual fretboard first, and see where you need to put the fingers, then see the TABS and look at the numbers you need to play. Finally look at the actual music notes and see how they go up or down.

- Once you are familiar with the song, and how it sounds, then print the music score PDF below.

- Now, with the actual music sheet on your hands, play the video a few more times and put your eyes on the paper, and read along with the music, listen to the song while looking at the music sheet, and the TABS.

- Do that a few more times and with your index finger, pointing at the notes at the same time as you are listening to the music.

- Now, count the measures in the song, in this song **Crazy Train**, you have 2 measures. And you have six days to play the song. Only two measures and a lot of fun. The song has to be played a little bit fast so it can sound good, if you play the notes too slow, it will not sound good.
