# MIDI FILES PIANO LEVEL - 6

It's time for you to play songs with chords in the left hand. There are a lot of books call "Fake books" that means that you have to see the name of the chord, like "Am" or "C" or "G7" and you should know how to play that chord. And you just make a simple rhythm with the left hand and play the melody with the right, and that's it!

When you start playing the song, write the date (It's very important), when you can play the song very good, at the right speed and you can play it with confidence, and without mistakes, at least 3 or 4 times in a row, you can say that you know how to play that song. Then write the date. If it's less than a month, GOOD!, get another song in the same level, and play all the songs. IF it's more than a month, PRACTICE MORE, A LOT MORE! (or get songs from the previews level.)

VERY IMPORTANT!

DO NOT TRY TO PLAY SONGS FROM THE NEXT LEVEL IF YOU TAKE MORE THAN A MONTH TO PLAY A SONG LIKE THESE!.

A nice Christmas song, for the holiday season, easy to play with two hands, if you can play it in less than a month, you can play any song in this level. If it takes you less than a week to play this song, really well, than you should be playing more higher level songs.

If it takes more than a month to play this song, you may want to take a look at easier songs, or go to an easier level.
